Quotation Steady With Fair Receipts, Quality Fair.

No Cattle Trading Because of No Offerings.

The Wichita hog market yesterday was steady in quotation and on the average in point of receipts for the past several tinys. The wagon trade, while stretched along through a great part of the day, did not produce many large bunches, but the trade was fairly active and the quality good. There were five loads weighed up, or rather four, and the hog part of a mixed load. The quality of car offerings was just fair, with two cars several points befor than the rest. One of these was heavier and one mail. One of these was heavies and one med-ums. It was not a heavy day on the trad-ing and yet the business after it came in was done promptly and sales made read-by. As to strength of the local market it emath demonstrated its always present latent tone. All the other western live ctock markets went off, some of them quite notably. Five cents lower marked some of them, and weak to 5 lower also of hogs was the quotation here lower whole car loads and cut-ours, all went in by good steady prices and irrespective also of quality. The demand was firm and marry more hogs would have been bought. The top hogs of vesterilay were but so good as the top hogs for Thursday, and the price for tops was 2½ cents off.

Two cars brought the 51 to point and rix bunches of warm hogs rice. The tops to but the first to wallow in.

Paralysis

is sometimes caused by overwork, either mental or physical. There are many other exciting causes, such as exposure to cold, excesses, emotional influences, etc. The approach of the disease is generally gradual. Frequently the first warning is a vague feeling of headache, vertigo, and muscular weakness.

restore the nutrition of the nerves and have cured many cases of paralysis when all other remedies and methods of treatment have failed. The record of this remedy entitles it to a thorough trial.

Perhaps there is no man better known in the city of Lawrence, Kansas, than Mr. G. H. Snyder. To a reporter Mr. Snyder related a wonderful story. He said: "I am now seventy years of age. About three years ago I experienced a coldness or numbness in the feet, then creeping up my legs until it reached my body. I grew very thin in flesh, my appetite was very poor and I did not relish my food. At last I became so bad I was unable to move about. I consulted several distinguished physicians, one telling me that I had locomotor staria, another that I had creeping paralysis. I took their medicines but they did me no

good and I continued to grow worse. One day nearly a year ago, a friend advised me to try Dr. Williams' Pink Pills for Pale People. I immediately commenced their use, throwing all other medicines away. Before I had finished my first box I found that they were benefiting me. I used twelve boxes in all and was perfectly cured. Although it is over six months since I used my last pill there has been no recurrence of the disease. My appetite is now good and my general health is better than it has been

"Yes, you can say that my cure was effected through the use of Dr. Williams' Pink Pills for Pale People, which I consider the most remarkable medicine known." -From the Journal, Lawrence, Kan.

Dr. Williams' Pink Pills for Pale People contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexions, all forms of weakness either in male or female.

Dr. Williams' Pink Pills for Pale People are sold by all dealers, or will be sent, post paid, on receipt of price, 50c. a box or six boxes for \$2.50 (they are never sold in bulk or by the 100) by addressing Dr. Williams Medicine Company, Schenectady, N.Y.
